Note: there are TWO entrances to Shylah Farm. One is off North Yarnalton and is the second drive way on the right once turning off of Old Iron Works (right across from Kentuckian Farms 2220). This entrance is better for trailers and esp. bigger trucks transporting horses. The other entrance is off of Old Iron Works/North 1973, the driveway on the left after the turnoff to Yarnalton which is suitable for cars and small trailers.

If you are having your horse shipped here in a large van or trailer please tell the driver to come through the entrance off of North Yarnalton. Then to proceed up to a 90 degree right turn (at this turn the best thing is to have them find a way to turn around so they can back down to Shylah Farm which is the farm down the road once you make a 90 degree right turn. We have found that this is the best way to get your horse unloaded and all of your equipment and makes it the easiest for them to leave out the way they came in.
